HYBRIDS FROM COMMUNITY POTS TO MATURE PLANTS**Community Pots**

Community pots are three inch pots, containing twenty or more plants. Price per pot is \$15.00. All pots shipped will be of plants large enough for transplanting. Only the healthiest seedlings are shipped.

All seedlings are from the finest parents procurable. Extreme care has been taken in the selection of parents as to insure FINE GROWTH, PRODUCTIVITY, TEXTURE, COLOR, SIZE and SEASON OF BLOOM.

We are prepared to ship anywhere in the United States and its possessions, Canada, Central and South America, Cuba and the Philippine Islands. We are equipped to comply with the new Hawaiian regulations regarding imports of Orchid plants.

For domestic shipment plants can be shipped in the pots. For long distances and air shipment, we prefer to ship in paper pots. This cuts down the weight and greatly lowers the cost of shipment.

Overseas shipments should be accompanied by estimated shipping costs so shipment may be prepaid to avoid delay. Please clearly indicate method of shipping when placing order.

Second choice should be included in selecting varieties to replace any which may be sold out.

It should be remembered that practically all of the plants we offer are ready for a shift during their present growing season. This is brought about by the fact that we do not over-pot.

Packing is free of charge for all plants on this list. Prices are F.O.B. Oakland, California, in U. S. Dollars.

We welcome visitors; we are only ten minutes from down town Oakland, or 30 minutes from San Francisco.
